DISCONNECTION NOTICE

Over the past several months our community has experienced an unprecedented situation. The COVID-19 pandemic has caused a major impact in the economic stability of our local community and entire nation. We at the Savannah Utility Department (SUD) understand the economic hardships that have been caused during these trying times. Shortly after the onset of the COVID-19 pandemic, SUD suspended all disconnections due to non-payment for our customers that were affected by these hardships. This change in policy was not intended to be a forgiveness, but a deferment for those customers that were unable to make their utility payments due to the effects of COVID-19.

Beginning June 1, 2020, SUD will resume its disconnection policy for all non-payments. Customers will have until that date to contact our Utility Department customer service office at (731) 925-4216 to discuss payment arrangements. All customers must be in good standing or have an approved payment arrangement by this date or be subject to disconnection for non-payment.

In our efforts to address the threat of COVID-19 SUD understood the need to continue essential services of safe drinking water and wastewater treatment which are paramount to ensure basic health protections. These services have continued to mitigate the problems that arose from the effects of this pandemic. We will continue to ensure that SUD customers are our number one priority. Thank you for allowing us to serve you.

Stay safe!

Businesses are opening back up. People are getting back to work. Some are returning to jobs and many are getting new jobs.

Here are 10 things that require zero talent: 1. Be on time; 2. Make an effort; 3. Be high energy; 4. Have a positive attitude; 5. Be passionate; 6. Use good body language; 7. Be coachable; 8. Do a little extra; 9. Be prepared ;10. Have a strong work ethic. I wish you all success.

Memorial Day weekend brought so many people to Pickwick and it was nice to see them all enjoying the sunshine, lake time, family and friends. The recreational park was about 80% full of campers.

I met Lianne Haviland from Franklin, Tennessee. She and her family came to camp for the weekend and enjoy the lake. It was their first time to visit Pickwick and she said they will be back. They loved the water and said next time they will bring kayaks and plan to fish.

I also met Victor Lay from Spring Hill, Tennessee. He brought his family for the holiday weekend to fish and

With the announcement from the president that churches and houses of worship will be classified as essential, we should all be back in our buildings soon. I have really missed fellowship and worship in our church. We know the church is not a building, but the people who worship and serve.

At Eureka Church Sunday the outdoor cross was draped in small American flags repre-

senting deceased soldiers who once worshiped at Eureka. My dad and seven brothers were all represented with a flag. God bless America!

Our pastor Dennis Usner is home recuperating from his replacement surgery. We are praying he will soon be able to return to the pulpit. Our lay leader, Vickie Lancaster, has done a great job planing our worship services in his absence.

I know I've said this before, but please check on your elderly friends and neighbors. Many are scared to get out much and we need to all help them as much as we can.

Mom has spent a lot of her time tending to her garden and reading, but the isolation can be hard. Churches are starting to open back up with

I still believe Romans 8:28 "All things work together for good for those who love the Lord and are called according to his purpose." This class of 2020 will change the world for the better.

We picnicked in Shiloh park on Memorial Day. I took a bike ride rode through the battlefield tour area. I put flags on the "mass C onfederate grave" site. So many of the graves in Shiloh already had flags. I felt this marker needed to be honored too.

The day at Shiloh was perfect to honor the soldiers who gave their all for the freedoms they believed in. Some of those young men were closer to boys than men. They were all fighting for the USA they believed in. Sad that it was American against American. I feel it has been the hardest of wounds to heal. I pray there will never be another war on USA soil where Americans fight against Americans.

Susan and Jim Miller are here for a time. They have a condo and enjoy the lake so much. Susan has been coming to Pickwick since she was a little girl. Susan and I grew up in Parkway Village in Memphis. We lived on the same street and ran with the same kids. We lunched on Sunday at Aqua Grille at Grand Harbor. We plan to get together again this week.

Our thoughts and prayers this week go out to the family of Peggy Shull who went home to be with the Lord on Saturday ,May 23.

My prayer is that God will give her daughter Brenda Hern-don the strength to get through the lonely days ahead.

Martha Stricklin enjoyed supper Saturday in the home of Chad and Paula Stricklin.

Thanks to Rhoda Brown Owens, all the veterans buried in Germany Branch Cemetery have an American flag on their

grave. She does this every year because her dad, the late Hardin Brown, was a veteran. So on behalf of other veterans laid to rest there, thanks, Rhoda for remembering them.

I also want to take this time to thank all the veterans who served or are still in the military for my freedom today. God bless all of you.

I cant believe that this year is going so fast. June is right around the bend. I guess when you have to stay home all the time because of being of the coronavirus time gets away from you. Maybe this thing will pass soon and we can get back in church for those able to go, and maybe kids can get back in school.

I want to say hello to Jason and Paula Estes and all of the congregation at Trinity United Methodist Church. I miss being with all of you and maybe can

get back soon.

We to extend our sympathy to the family of Donna Briley Fouse who went home to be with the Lord recently. I have known this lady for several years. I know she will be missed by all who knew her. I ask that you keep this family in your prayers.

Let's still keep our sick folk and their caregivers in our prayers: Leon and Betty Baugus,

Things are slowly opening back up. I hope it is not too soon. I sure will be glad when things can get back to normal. This past weekend was suppose to have been graduation night. It is so sad the seniors missed so many activities and I want to wish them all a great future as they travel through life's pathway.

I sure did agree with Jerline Dodd's letter she wrote to the editor last week. We take so many things for granted and never stop to thank someone for the things they have done far and beyond all of us.

We enjoyed having Phil Cromwell as out guest speaker at TCBC on Sunday morning in the absence of our pastor, Nick Harville. He and his family were out of town for the weekend.

Marcella called to tell me her family had been with her during the weekend. Todd, Cason, Calyn, and Caris spent the weekend with her. Todd and Cason went to Jackson on Saturday for a travel baseball game. Congratulations on winning! They all enjoyed a cookout on Monday, and enjoyed grilled hamburgers and hotdogs, and eating outside.

The children enjoyed riding the pony and riding the four wheller. They all enjoyed pitching washers.

I visited with Jeff, Hope, and Granger on Sunday afternoon.

Jonathan, Brittany, Bryce,

Debbie and Cary Dun-can welcomed their son Cary Jr. Lorrie and Carter, Lilly and Carriann over the weekend. The group joined Pam Carothers and family for dinner at Pam's home on Saturday. The cousins always enjoy time together.

A quote this week from Guidepost magazine, "What I find beautiful is someone who is kind, happy, and authentic."

From Proverbs 3:5 "Trust in the Lord with all your heart and lean not on your own understanding."

Have a wonderful week and God bless!

Lee, the Joel Webster family, Danny Roberts, Cassie Tidwell, Chris Lee, Bob Dohogne, Esthelee Pirtle, Charlotte "Boots" Webb, Don Wright, Mindy Myrick, Phyllis McDaniel, the Shelia Bomar family, and all those sick in the community and working on the front lines.

Everyone have a blessed week. Stay safe.

Barnes' cake recipe she had in her community news last week, but I just did not find the time. I will, maybe this week.

Janice Reed visited one day last week with Ruby Hayes. They enjoyed the day together.

Fred, Shelia, Tyler, Janice Webb, and Joan Downs met Hunter and Autumn Webb in Columbia on Saturday and enjoyed lunch together. They were helping Fred celebrate his birthday. I hope you have many more Fred.

As I write this Monday morning, it is Memorial Day. Even with the crisis our country is going through, lets still remember and pay tribute to our men and women who gave their lives in service to this country. May God bless all our service men and women and their families. Tell them how much you appreciate them. Not only today, but every day.

Have a good week.

and Brooke enjoyed a cookout with friends in Adamsville on Sunday afternoon.

John Vanhoose visited and ate lunch on Sunday with J.W. and Sue.

We have enjoyed having our drive-in Sunday morning services outside, but we will decide this week about moving inside. We will need to wear face masks and families will need to sit together at least 10 feet apart.

Jonathan, Brittany, and Granger enjoyed eating lunch on Sunday with the Clausel family at Larry and Joyce's in Morris Chapel.

TVA boat ramp at Pickwick campground now open

The boat ramp at the TVA campground in Pickwick reopened Friday in time for the Memorial Day holiday weekend.

"We encourage all boaters to continue to practice social distancing measures and precautionary hygiene practices,

due to the ongoing coronavirus threat, but the ramp will be open for those looking to take advantage to good weather and sunshine and do some recreational boating or fishing," Fiedler said.

He also noted that the eastern portion of the state

is expected to receive heavy amounts of rain in the coming days and weeks, and that may mean increased water flow through Pickwick Dam as TVA moves to increase storage capacity farther upriver.

"We don't expect that will mean going above flood stage

at Pickwick or Savannah at this time, but we want boaters to be aware of possible rapid changes in flow rates so they won't be caught by surprise. As always, please practice safe boating, and, pay attention to and be aware of your surroundings," he said.
